

## Vaccinated Travel Lane (VTL) – Quick Ref Understanding for Canadians

- VTL flights are FROM Canada to Singapore only (not inbound)
- VTL flights have been created to allow Canadians to enter and visit Singapore without quarantining on arrival.
- Canadians transiting SIN can book these flights to connect onwards but must meet all VTL requirements to travel on a VTL flight.

**ALWAYS** refer to link below for correct and current information as rules change and are updated frequently.

**Singapore-Canada now designated Vaccinated Travel Lane (VTL).**

**SQ29 designated for VTL. SQ28 for pax not planning on visiting Singapore.**

SQ29 will operate twice weekly as the designated VTL flight from Seattle through Vancouver to Singapore from 4 December 2021 to 12 February 2022.

| Seattle – Vancouver – Singapore    |                          |                       |                           |                     |
|------------------------------------|--------------------------|-----------------------|---------------------------|---------------------|
| 4 December 2021 – 12 February 2022 |                          |                       |                           |                     |
| SQ29                               | Seattle – Vancouver      | Thursday,<br>Saturday | 1100hrs –<br>1145hrs      | Airbus A350-<br>900 |
| SQ29                               | Vancouver –<br>Singapore | Thursday,<br>Saturday | 1315hrs –<br>2205hrs (+1) | Airbus A350-<br>900 |

These flight schedules only show designated VTL flights. All other flights between Canada, the USA and Singapore are non-VTL flights.

## Eligibility Requirements:

Please refer to this SQ document for detailed information:

<https://www.dropbox.com/scl/fi/rss4kmm82t3tx7zwxq6uz/VTL-Comms-for-B2B.pptx?dl=0&rlkey=5faanujiv9zmmorf2hjsps989r>

- 1) Prior to VTL departure, pax must have spent last 14 days in Canada or other VTL designated country
- 2) Pax must be fully vaccinated with any vaccine in the World Health Organisation Emergency Use List. Mixing of vaccines is acceptable.
- 3) Covid-19 PCR test to be taken within 48 hours before scheduled arrival into SIN.
- 4) Need to have QR code loaded with government proof of vaccination at point of embarkation. Must be in English.

For Canadians wishing to enter Singapore they will additionally need:

- 1) Insurance coverage of no less than CAD30K
- 2) Completed the Vaccinated Travel Pass application
- 3) Trace Together App – download on arrival to facilitate contact tracing
